| HDT at 0.45 Mpa | ASTM D 648 | ${ }^{\circ} \mathrm{C}$ | 107 | 112 | 115 | 125 | 110 | 115 | 118 | 140 | 150 | 160 | 165 | 135 | 105 | 110 | 112 |

Note : As per requirement all grades are available in different colours.
Compounds have Good Dimensional Stability, Balance between stiffness and flexibility, Excellent Mechanical Properties.
Compounds are used in Automotive Sector, Appliances, Medical, Engineering, Building, Sports and Other Sectors.
The above properties are indicative and represent the values as tested in our laboratories. There is no guarantee / warranty what-so-ever.
The suitability of the product for particular application may be verified before use.
